**Subject:** RE: More new data--from Aug. 6

HQ EOC is requesting more information on the data. Matt Loesel is aware of this and is working on the information they are requesting.

Kathie just mentioned that it was submitted and she knew about it.

**Subject: More new data--from Aug. 6**

just a heads up that we have a second data set that should be ready to post tonight--data from August 6 after the release occurred but before it reached the sampling locations on the Animas & San Juan rivers. This is not background data.

The environmental units are working on a narrative for that data now.

We would like to aim to post both data sets for today at the same time.

thanks,  
John
